ADRIÀ MÁRQUEZ NEBOT

Full Stack Developer| Barcelona, Spain | 620 57 38 09 | adria.marquez.3b@gmail.com | GitHub: github.com/adrmarqu | LinkedIn: linkedin.com/in/adria-marquez | Portfolio: adrmarqu.github.io

PROFESSIONAL SUMMARY

Full Stack Web Developer trained at **42 Barcelona and CIFO La Violeta**, specializing in PHP, MySQL, WordPress, JavaScript, and Docker. Hands-on experience in web application development, REST API integration, and Quality Assurance QA. Methodical professional with strong problem-solving skills, available for immediate onboarding.

TECHNICAL SKILLS

Frontend: React, JavaScript, TypeScript, Canvas, HTML5/CSS3, SCSS, Tailwind CSS, Bootstrap

Backend: PHP, WordPress, Node.js, REST APIs

Databases: MySQL, PostgreSQL, SQL

Cloud & DevOps: AWS, Docker, Git, GitHub, Makefiles, Nginx, Apache

Testing & Management: Functional Testing, Regression Testing, Exploratory Testing, Trello, Agile Methodologies

FEATURED PROJECTS

Camagru | 42 Barcelona | Full Stack | PHP, MySQL, JavaScript, Docker, Nginx | 08/2026 - 09/2026 | Github

- Social media-style web platform for photo editing and publishing, built with native PHP without frameworks and deployed using Docker.

- Implemented a graphic editing engine supporting overlay, scaling, and rotation of multiple sticker layers, alongside a complete authentication system and MySQL database architecture.

Codelive | CIFO | Full Stack | React, Node.js, PostgreSQL, Docker | 06/2026 - 07/2026 | Website | Github

- Interactive programming learning platform designed for practical training through guided exercises and tutorials.

- Built an interactive Try It Yourself environment for real-time execution and testing of multiple languages (HTML, CSS, JS, PHP, Node.js, and SQL) over a REST API architecture.

Pong | 42 Barcelona | Frontend Developer | React, TypeScript, Tailwind CSS | 12/2025 - 03/2026 | Github

- Multiplayer classic web game platform developed collaboratively using modern frontend architecture.

- Developed a responsive Canvas game engine for desktop and mobile, single-player mode with AI, complete authentication system login and signup, and profile management.

PROFESSIONAL EXPERIENCE

WordPress Developer | Llar d'infants La Lluna | WordPress, PHP, MySQL | 06/2026 - 07/2026 | Website

- Managed the end-to-end site development lifecycle and deployment within a one-month timeline, building interactive forms with automated email dispatch and a services blog section.

- Configured and integrated specialized plugins, including automated synchronization with the corporate Instagram feed and a Google Reviews module to enhance user experience.

QA Tester | ScareCrow Studio | Functional Testing, Trello | 01/2022 - 07/2022

- Quality Assurance for the multi-platform graphic adventure game 3 Minutes to Midnight. Executed functional, regression, and exploratory testing on UI/UX and collision boundaries within a multidisciplinary team.

EDUCATION

- **Full Stack Web Development** | CIFO Barcelona La Violeta | 12/2025 - 06/2026
